## Recommendation

Dear Sirs,

We highly recommend cooperation with Forge & Frost, represented by Mr. Piotr Kuzniak.

We have been cooperating with Forge & Frost for over a year, where they successfully conducted several recruitment processes for various positions within our sales and marketing departments. Currently, two individuals recruited by Forge & Frost work in our two divisions, and we have launched another process for one of the critical positions in the marketing department. The company also provided a coaching service for us.

Forge & Frost is a professional team of HR specialists. We are incredibly pleased with the results of her work for our company. We highly value their professionalism, reliability, and highly competitive terms of cooperation.

If you need additional information, we remain at your disposal.
